Session 8

How Can Indonesia Promote Trade in Services?

- What are the opportunities associated with Indonesia's services exports?
- Why is the percentage of Indonesia's trade in services so low?
- What are the key constraints/barriers?
- What reforms are required to strengthen the competitiveness of Indonesia's services sectors?
- Should Indonesia actively join the services negotiations (TiSA, TPP, RCEP, and others)?
- How can government agencies and business associations promote trade in services - by what measures?
- What are the best ways of supporting SMEs for exporting their services?
- How can the Indonesia Services Dialogue be improved in the future?
- How can DGNED/MoT develop their capacities to support service exports?
