For the first time, six competitive and energetic Indonesian Apparel manufacturing companies are showcasing their apparel products at the Las Vegas Convention Center during Sourcing at Magic on August 13–16, 2017. Discover these new competitive Indonesian apparel sourcing opportunities. Indonesian companies, with their centuries-old textile craftsmanship tradition, now incorporating new and modern techniques, are a must see new sourcing alternative at Magic. Our companies have a high degree of empowered women participation in all stages of the business, with an incredible source of inspiration, education, innovation and resources, keeping the product value proposition very attractive to move your retail business forward.

Indonesia, the world's fourth most populous country, already exports more than $11 billion dollars of textiles and apparel—this gives Indonesia unquestionable sourcing credentials. The novelty here is that these carefully selected companies showcasing for the first time at Magic excel in design and flexibility to meet today's competitive retail challenges. All the companies have been inspected, selected and trained by expert consultants as part of a multi-year program funded by the Government of Canada via Global Affairs Canada executed by The Conference Board of Canada and drawing upon the expertise of the Trade Facilitation Office Canada.

Visit us at booths #61094 through #61908, or set up an appointment with Maria Fernanda Guzman Trade Facilitation Office Associate: maria.guzman@tfocanada.com, mobile 647-996-4170.
